

Ravi Akhouri

raviakhouri.in • Angular UI Developer • +91-8804804868 • ravi.akhouri@gmail.com

▼ Objective

Passionate Frontend Developer with a focus on Angular, recognized for delivering high-quality work in the IT industry.

Experienced in building responsive and dynamic web applications using Angular, HTML5, CSS, JavaScript, and TypeScript. Proficient with UI frameworks including Bootstrap 4 and Angular Material, with a strong eye for clean design and user experience.

▼ Experience

Feb, 2023 – Present

Software Developer Engineer • Siemens

- Led UI development for Plant Configurator and Function Configurator modules using Angular and RxJS.
- Applied SOLID principles for modular design and maintainability.
- Contributed to Query Generator in Building X and worked across System One teams.

August, 2021–January, 2023

Senior Software Engineer • Mindtree (now LTI)

- Migrated EPOS Manager from AngularJS to Angular 11, implementing business logic and unit testing.
- Built Profit Improvement Plan (PIP) app for TVS Motors from scratch, including auth, interceptors, and responsive UI.

October, 2019–August, 2021

Project Engineer • Wipro

- Module Lead for GOG-IFMS DDO module; handled UAT and SIT coordination.
- Developed Angular modules with reusable components and state management.

▼ Education

SVIST (MAKAUT University), Kolkata, West Bengal

- B.Tech – 7.79
